

Ashwaubenon Educational Endowment Foundation Grant

In the ongoing tradition of the Ashwaubenon School District, this granting program, through funds at the Greater Green Bay Community Foundation, supports the development and continuation of innovative opportunities to enhance student experiences in order to develop them as model community and world citizens. This granting program is not meant to replace the ongoing public support of education; it funds opportunities, materials, and experiences that go beyond the school district budget.

Grants will provide support in the areas of classroom, after-school, and co-curricular programs, technology, teacher training and student enrichment opportunities. Targeted funding areas include:

- Funds necessary for individuals or groups of students to participate in enrichment activities (not undertaken for academic credit or for general operating expenses of co-curricular activities, such as uniforms, equipment, or travel)
- Innovative classroom activities and other programming (such as arts programming) typically not supported by district funding
- Technology and learning projects designed to promote the use of cutting-edge technologies in teaching and learning
- Business, civic, and community involvement that will promote the interaction of these groups with students
- Professional training that will positively impact students
- Other areas not typically funded by the district, but consistent with district curricula and policies

The Grant Criteria

Qualified Applicants: Applications will be accepted from any Ashwaubenon School District parent, staff, or administrator, parent association, or community member partnered with professional School District staff. All applicants must have the approval of their principal (or department head, as applicable). Any school-related activity consistent with district curricula and policies qualifies, except existing activities funded by the School District. Only one application per individual will be accepted each grant cycle. Successful applicants can apply in subsequent years.

Grant Awards: Typical grants range from \$500 to \$2,000 and are annual grants.

Application Deadline: March 23. Implementation of funded programs and activities will occur during the following school year. Decisions will be announced before July 1. Previously incurred expenses will not be considered. Submit your application online at www.ggbcf.org.

Final Report: Successful applicants will be required to complete a brief follow-up report at the end of the project or grant period.

Please contact Ashley Bethke at the Community Foundation at 432-0800 or ashleybethke@ggbcf.org with any questions.

Online Application Questions

Prequalifying Questions:

- Have you received approval from your school principal or direct supervisor for this request?

Applicant Information:

- School name
- Applicant Name and Contact Information
- Principal Name and Contact Information
- Brief summary of the request

Application Questions:

- **Statement of Need and Opportunity:** Explain the need or opportunity that is causing you to take the action proposed in this application.
- **Objective:** Articulate the expected educational benefit to students and the how this project aligns with the curriculum.
- **Describe the project:** What activities will occur in order to achieve the objective(s)?
- **Project Funding:** Provide an explanation of the budget. How will the funds be used? Are there other funding sources this project?
- **Outputs:** How many individuals will be affected by this grant, and who are they?
- **Outcomes:** How will you determine if objectives have been achieved? How will you know if the project is successful?

Supporting Documents:

- Other documents specific to the grant request (Optional): Please upload any additional documents that you wish to include with your application.
