## ENSURING OUR COMMUNITY'S FUTURE

By establishing an unrestricted fund, you provide the Community Foundation with a flexible tool to address the community's needs now and in the future. Your gift allows us to determine the best way to support our community's most compelling opportunities or respond to its most pressing issues as they evolve over time.

### *Assessing* THE NEEDS

Our competitive grants program is strategic and responsive to the evolving needs of the greater Green Bay community. Each grants program has a designated grants team, made up of community leaders and volunteers. Led by our Vice President of Community Impact Team, projects are funded to improve the quality of life in our service area and support collaboration among nonprofit organizations.

### *Investing* FOR OUR FUTURE

All unrestricted funds are endowed funds of the Community Foundation. Our investment strategy supports the long-term nature of these funds. Investments are spread over a broad group of investment classes to ensure your gift supports our community forever.

The administrative fees for all services is currently 1.25%. Named funds can be established with a minimum contribution of \$10,000.
